#### CREDIT UNION COMMISSION HOLDS FIRST MEETING

The Credit Union Commission held their first meeting April 16<sup>th</sup> in the Division of Credit Unions' conference room. Commission members elected Pat Yokley, Chairman, Lori Levine, Secretary and designated Maribeth Neidert, as their Custodian of Records.

The Commission received the Division of Credit Unions' recommendations for rules and regulations addressing the following:

#### PROPOSED LEGISLATION UPDATE

As we reported in the last newsletter, the Division of Credit Unions is particularly interested in three bills before the Missouri Legislature.

- House Bill 14 provides supplemental spending authority for implementing last year's House Bill 1323; in particular to fund the Credit Union Commission's expense.

Governor Carnahan signed this bill into law on April 7<sup>th</sup>.

- The House and Senate have approved House Bill 7, which provides funding for next fiscal year's budget, with differences. The section of this bill concerning the budget of the Division of Credit Unions is the same in both versions. This bill is in a Senate and House conference committee.
- House Bill 825, which modifies the Division's fee structure, was amended into House Bill 822 on the House floor, and approved on April 7<sup>th</sup>. The Senate Financial and Governmental Operations Committee heard the bill on April 20<sup>th</sup>.

Please contact the Division of Credit Unions if additional information is required.

#### ACCREDITATION RENEWED

The Missouri Division of Credit Unions has been notified that its annual accredited status has been renewed for the eighth consecutive time. Originally receiving the designation in 1990, Missouri was the fifth state in the nation to be so recognized. The accreditation program, administered by the National Association of State Credit Union Supervisors (NASCUS), consists of an on-site review every five years and annual off-site reviews. The purpose of the program is to acknowledge those supervisory agencies that meet a stringent set of criteria in the areas of Administration/Finance, Personnel, Training, Examination, Supervision, and Legislation. Currently 21 states have achieved accreditation. This represents 60% of state-chartered credit unions' assets.

We are honored to be an accredited agency and Missouri chartered credit unions should also be honored as your support has helped make this possible. For further information, please visit the NASCUS web site at [www.nascus.org](http://www.nascus.org).
